5. Material Management
6. Sales Promotion / Timely Payment
7. Usage of Genuine Parts
8. Aftersales Team Performance

C. Recommendation

D. Evaluation Criteria

The point's composition of the April– September 2026 Business Scorecard is as follows:

After Sales 570

1. Infrastructure & Equipment
2. Manpower Development
3. Customer Satisfaction
4. Dealer Profitability
5. Material Management
6. Sales Promotion / Timely Payment
7. Usage of Genuine Parts

After Sales Team Performance 250

Business Score Card has 3 Following sections:

- BSC Parameters
  - Parameters are defined with brief details and total points.

- Recommendation
  - Detailed of each BSC parameter with recommendation mentioned for clear understanding.

- Evaluation Criteria
  Evaluation Criteria defined for Self-Evaluation of dealers on monthly basis all parameters.

BSC Parameters

1. Infrastructure & Equipment
2. Manpower Development
3. Customer Satisfaction
4. Dealer Profitability
5. Material Management
6. Sales Promotion / Timely Payment
7. Usage of Genuine Parts
8. After Sales Team Performance

1. Infrastructure & Equipment

I. Overall C. I. and Workflow (Mechanical)

- Bay size = 4.0m x 7.0m *
- Easy flow of vehicle.
- 5S, Cleanliness and safety elements.
- Shop signage & updated Branding.
- Epoxy on floor.
- Manpower Apparels.

Maximum: 30

II. Overall C. I. and Workflow (Bodyshop)

- Proper Layout
- Proper Trolleys / Rack at working Bay. (No Parts on Floor)
- Health, Safety, 5S, Cleanliness and epoxy of Floor.

Maximum: 15

III. Front Office (Reception)

- Furniture & Ambience as per CI.
- Display of updated fast moving parts prices & labor rates.
- 5S, Cleanliness and updated Branding.

Maximum: 10

IV. Customer Lounge

- Furniture & Ambience as per CI.
- Availability of TV, Dispenser and reading material.
- 5S, Cleanliness and updated Branding.

Maximum: 10

V. Basic Tools & Equipment (Functional)

- SSQS/Basic Tools with trolley for technician.
- Paint Booth, Wheel Aligner / Balancer 1 for workshop.
- Availability of all recommended tools & equipment. (Calibration record)

Note: Nonfunctional Equipment (Negative marking -10)

Maximum: 10

Total Maximum Points: 75

- **Timely quality FTIR for new defect/critical complaint. (same/next day of customer complaint)**
- **Timely submission / tracking of warranty bills for payment.**
- **Active participation in Re-call Campaign.**

Maximum: 30

III. Customer Retention

Increase in last 4 years customer database.

- Number of 1st year customers should be >60% to =<80%.
- Number of 2nd year customers should be >50% to =<70%.
- Number of 3rd year customers should be >40% to =< 60%.
- Number of 4th year customers should be >30% to =<50%.

Note: Points will be given on repeat visits / JC turnover generated.

Maximum: 20

IV. Complaints Management

- Verified customer complaint received against dealer.

Maximum: -10

Total Maximum Points: 100

I. Workshop Business

Workshop Operation

Recommendation:

Mega

- Maintaining Job cards >1500
- Maintaining Job cards >1200 to 1499
- Maintaining Job cards >1000 to 1199
- Maintaining Job cards >800 to 999

→ Keep Maintain

- Maintaining Job cards <800 → Maintain & Improve

Mini

- Maintaining Job cards >800
- Maintaining Job cards >700 to 799
- Maintaining Job cards >600 to 699

→ Keep Maintain

- Maintaining Job cards <600 → Maintain & Improve

Note:

- Applicable for Mega having JC>=600; Mini JC>=400
- Campaign Job Cards ratio should be <= 8%
- Turnover / Job card (total JC) should be >= 3% of parts sales to vehicle sales Ratio

Maximum: 50

- **Customer Retention (Revenue Based)**
  - **FFI J/C 80% of sales. 10 Points**
  - **20K J/C 65% of sales. 10 Points**
  - **Job cards to Sales ratio >= 10 times. 05 Points**
  - **Number of Schedule maintenance Job cards => 50% of Total Job card target 20 Points**

Note:
Excluding FFI & Only Revenue based JC with schedule parts replacement will be considered.

Maximum: 45

Bodyshop Operation

Mega

- **Maintaining Job cards >= 200 → No Target**
- **Maintaining Job cards > 150 to 199 → 5% Growth**
- **Maintaining Job cards > 100 to 149 → 10% Growth**
- **Maintaining Job cards < 100 → 20% Growth**

Mini

- **Bodyshop Operations (Mini having B. P. facility)**
- **Maintaining Job cards > 75 → No Target**
- **Maintaining Job cards > 50 to 75 → 5% Growth**
- **Maintaining Job cards < 50 → 10% Growth**

Note:

- **Applicable for Mega having JC > 75; Mini > 40**
- **Recommended No of panels 2-3 / JC**
- **Overall Bodyshop Operations**
- **Bodyshop Job Cards points will be adjusted in Mechanical Job Cards for Mini dealers not having Body shop**

Maximum: 20

II. Micromanagement

- **Micro Management Activities**
  (Any 02 Activity as advised by DSM / Regional Head)
  - **Lost Customer Analysis**
  - **Customer meet**
  - **Team Meet**
  - **Events (In-House, Fleet, Remote)**
  - **CSR Activity**

Maximum: 20

- **Digital Media Promotion with Quality Contents.**
  (2-3 posts/month on FB, Instagram & You Tube with Quality Content).

Maximum: 10

OR

- **Micro Management Activities (For selected dealers)**
- **Establishment of 2S Workshop (Selected Dealers)**

  - **Establishment of 2S / Branch Outlet in Service Potential Area as per PSMC recommendation for selected dealers**
    - **Bay productivity > 4**
    - **High Sales volume & low Retention Rate**
    - **Service potential Area.**

Maximum: 30

Total Maximum Points: 145

Total Maximum Points: 370

5. Material Management

I. Daily Ordering

- AOS share against monthly orders should be >= 70%.
- Physical stock should be taken every 6 months.
- Inventory of schedule maintenance Parts and engine oil should be maintained.

Maximum: 25

II. Warehouse Management

- Warehouse layout / Storage of parts should be as per standard.
- 5S well maintained with proper corporate identity.

Maximum: 10

III. Parts Manager Performance

- Parts Manager Management to achieve targets.
- Part Manager retention.

Maximum: 15

Total Maximum Points: 50

6. Sales Promotion / Timely Payment

I. Timely Payment

- **Payment to be made within allowed credit period of 90 days.**

Maximum: 25

II. Sales Promotion

- **Standardized display of promotion material at dealership.**
- **Promotion through digital media and at Public place.**

Maximum: 10

Total Maximum Points: 35

7. Usage of Genuine Parts

Work Consumption/ Purchase of Genuine Parts (SGP / SGA / Oil).

Consumption in 2025 ~ 2026	Growth Target in FY 2026 ~ 2027
>8.0 million	No Target (Maintain)
6.0 ~ 7.9 million	2%
4.0 ~ 5.9 million	4%
3.0 ~ 4.9 million	6%
2.0 ~ 2.9 million	8%
0.6 ~ 1.9 million	10%
<0.6 million	20%

- **Purchases to be matched with workshop consumption.**

Maximum: 80

- **Parts Sales to Vehicle Sales Ratio => 3%.**

Maximum: 35

Total Maximum Points: 115

Total BSC Maximum Points: 200

Note: Please check evaluation criteria for self-evaluation monthly

8. Aftersales Team Performance

Skilled, Qualified and Experienced Manpower's retention has direct impact on Customer Satisfaction, Retention and dealership profitability.

Service staff retention within 6 Months.

Category	Retention Criteria
CRO	> 80% Number deduction for staff left having retention < 3 years
Advisor	> 80% Number deduction for staff left having retention < 5 years
Technician	
Service / Parts / Bodyshop Manager	

Maximum: 50

Total Maximum Points: 250

Recommendation

A. Infrastructure and Equipment

Workshop & Body Shop Area and Facilities

- Total area > 80 ft. x 146 ft.
- Workshop / Bodyshop to be covered by RCC roof or prefabricated RCC.
- Shop signage and technical updated wall chart.
- Epoxy. (as per prescribed PSMCL Standard)
- Number of Mechanical Bays = >12 & Bodyshop Bays = >8.
- Bay size = 23 x 13 ft. (7 x 4 M)
- Body shop Bay size= 5.0m x 8.0m.

Service Manager Office

- Separate office for Service Manager.

Front Office Reception

- Area > 600 sq. ft.
- Separate from Showroom with counter for advisors.
- Display of fast-moving parts prices & labor rates.

Customer Lounge

- Area > 600 sq. ft.
- Separate from showroom.
- Availability of LED/LCD display (Customer Education), Reading Material, Information standees.

Worker's Facilities

- Area > 500 sq. ft.
- Proper change room with lockers, toilets & rest area.
- Canteen facility & Prayer area.

C. I. Image, 5S & Safety

- Overall Image & color scheme as per C.I.
- Interior & exterior signage as per C.I.
- Availability of Fire Extinguishers (1 for every 10 bays) & First Aid box for every 10 bays with updated maintenance record.
- Overall cleanliness & 5S with Designated "Smoking Area".
- Availability of maintenance record of equipment.
- Maintain selvage area with proper 5S.
- Availability & Usage of DMIS.
- Terminals in Front Office, for Service Manager, Accounts, billing and CRO.

Tools and Equipment Availability

Functional Equipment's

- No. of Inspection lifts (2 post and 4 post) 1 for every 4 bays.
- Paint Booth, Wheel Aligner / Balancer 1 for workshop.

Diagnostic Equipment's

- SDT-II for workshop & (laptop) with all updated software.

A.C Equipment

- Availability of complete set comprising recharging and regeneration equipment.

Washing Equipment's

- Availability of wash equipment's & Movable washing trolley.

Availability of Advanced Equipment's

- Body Aligner, Welding Equipment, Dry Sanding, Coolant Tester, Battery Charger & Starter, Battery Tester & Brake Tester.

Availability of SSQS Tools

- Availability of SSQS tools trolley with standardized tools and Measuring tools.
- Ensure availability of tools & measuring tools based on SSQS standards for every bay having SSQS certified technician.

Tools and Equipment Availability

Functional Equipment's

- No. of Inspection lifts (2 post and 4 post) 1 for every 4 bays.
- Paint Booth, Wheel Aligner / Balancer 1 for workshop.

Diagnostic Equipment's

- SDT-II for workshop & (laptop) with all updated software.

A.C Equipment

- Availability of complete set comprising recharging and regeneration equipment.

Washing Equipment's

- Availability of wash equipment's & Movable washing trolley.

Availability of Advanced Equipment's

- Body Aligner, Welding Equipment, Dry Sanding, Coolant Tester, Battery Charger & Starter, Battery Tester & Brake Tester.

Availability of SSQS Tools

- Availability of SSQS tools trolley with standardized tools and Measuring tools.
- Ensure availability of tools & measuring tools based on SSQS standards for every bay having SSQS certified technician.

Body Shop Tools & Equipment Availability

- Tram and Tracking Gauge.
- ARC Welder, Spot Welder, Spot Puncher, Air Saw, Spot Drill, Spot Cutter, Vice grips.
- Set of Dolly, Set of Spoon, Steel Dent Puller Welder.
- Jig Plate Hook, Slide Hammer, Suction Cup.

Other Essential Workshop Requirements:

Manpower Apparels in Workshop

- Uniform, Shoes & Name plates for all staff including washing staff.
- Use of protective materials for vehicles.
- Wearing of uniform by Manager with designation tag.
- Wearing of uniform by CRO with designation tag.
- Female staff – Uniform with designation tag.
- Male staff – Same as Service Advisor's uniform.
- Wearing of uniform by Advisor with designation tag.

B. Manpower Development

Hiring Criteria

Service Manager should be:

- Engineer, (B-tech) or equivalent with 5 years of experience OR diploma holder or DAE with 8 years of relevant experience.
- Responsible for administration & management of workshop and overall service activities.

Parts Manager should be:

- Graduate or DAE with 4-5 years of experience.
- Responsible for management of Parts & warehouse activities.

Body Shop Manager should be:

- Diploma holder or equivalent with 5 years' experience.
- Responsible for management of Body Shop.

Customer Relation Manager should be:

- Graduate with 4 years' experience as CRO.
- Responsible for Analysis and Counter Measures of customer care activities.

Customer Relation Officer should be:

- Graduate with 2 years' experience.
- Responsible for performing & managing customer care activities. (PSF, NDM, Feedback, CS+SR)

Service Advisors should be:

- DAE with 4-5 years of relevant experience.

Technical Advisor should be:

- Preferably Matric with 10+ years of experience in workshop.
- Technician should be:
- Matric with 2-3 years of relevant experience.
- Separate PDI Technician.

Manpower Skill Development and Motivation

It is recommended to have the salary structure of Dealer service staff w.r.t following recommendations.

- The salary must comply with provincial government's regulations for minimum wage criteria.
- Highly skilled and trained staff should be prioritized with higher salary / incentives.
- Long retained and Experienced staff should be compensated with additional incentives.
- Career growth for SSQS certified technicians and SSAT certified advisors should be prioritized.
- Salary should be paid in the 1st week of the month.
- Allow Minimum 15 days leave to staff.
- Overtime allowance after working hours.
- Introduction of performance-based incentives for productive staff.

Utilization of Learning Management System (LMS)

- In house training sessions should be conducted utilizing LMS for Classroom training.
- In house trainers should ensure completion of Theoretical / Video training modules on LMS for Technical and Soft skill training sessions.
- LMS Course completion status should be monitored by In-house trainer and future trainings should be planned accordingly to achieve 100% course completion. (2-3 Courses per Month)
- All newly hired staff should be trained using LMS by In-house trainer.
- In house trainer should ensure to complete In-house training of their staff before sending them for different certification levels. (SSQS for technicians / SSAT for advisors)

In-House Training

- The designated Inhouse trainer is required to conduct / arrange 4 In-house training sessions / month for dealer staff.
- 2 Sessions / month should be conducted for dealer technical staff including Technical Advisors, Technicians, Painters / Denters.
- 2 Sessions / month should be conducted for dealer reception staff including Service Advisors, Body Advisors, CRO's and Parts Staff.
- In house training sessions should be documented with attendance sheets and pictures of the training session.

Service Manager Performance & Results:

- Monitoring of Targets and Strategy planning.
- Business Growth.
- In-House training / Skill development.
- Planning of Campaigns (low cost, more lost / fresh customers focused)
- Timely submission of Warranty Claims & monitoring.
- Monitoring of customer care activities, Ensure 100% implementation of CS + SR system.
- Timely resolution of customer complaints.
- Manpower skill development.

SSQS Implementation:

Objective

- To provide Aftersales to customers as per Suzuki Global Standards.

Criteria:

- Availability of SSQS certified technician.
- Availability of Standardized Service Bay.
- Application of SSQS Standards in schedule maintenance operations.
- Sharing good practices of SSQS implementation at dealer.

C. Customer Satisfaction

Post Service Follow Up

- **Feedback Calls (For FFI Customers).**
- **Feedback Calls (For Schedule Maintenance 10K ~ 40K).**
- **CS Level should be >=96% in all aspect.**
- **Point will be deducted for non-contacted / Incorrect customers. FFI & Schedule Maintenance (10K ~ 40K) not availed / availed from other dealers.**

Warranty Administration

Warranty Services Handling

- Entertain Maximum numbers of Warranty Customers.
- Ensure timely submission of PPR / FTIR
- 'A' Rank FTIR should be reported within same day or next day of complaint.
- 'B' Rank FTIR should be reported within 3 days of complaint.
- Ensure Good Quality of PPR / FTIR.

Timely Submission / Monitoring & Control

(Warranty Bills & Taxation)

- Ensure timely submission of claims / bills, Monitoring of payment from PSMCL within 30-40 days.
- In case of delay (3-5 Months) of payment sent detail by mail to concern region.

Service Campaign

- 100% Execution rate of all announced service campaign.

Timely Resolution of Customer Complaints:

- Target = 96% complaints resolved within 3 days
- To be resolved by dealerships themselves
- In accordance with warranty terms & conditions
- To be resolved in the shortest possible time with skill.

- With courtesy & smile. No customer complaints should result.
- Reference to company should be last resort.

Timely and Proper Scrapping of Warranty Defective Parts:

- Ensure timely scrap of warranty defective parts as per PSMC guideline.
- Ensure proper evidence of scrapping as per PSMC format.

Customer Retention (1st Year, 2nd Year, 3rd Year & 4th Year)

Yearly Customer retention as per Target in BSC Parameters

Customer Complaints Against Dealer

- No. of Complaint Calls / Mail against dealership should be = 0 (Complaints about working skill, warranty handling, behavior and remarks of dealership staff attributed to products, services, or persons of Company).

D. Dealer Profitability

Workshop Operation:

- Maintaining Mech. JC, FFI, 20k & schedule maintenance JC as per defined parameters in BSC description.

Customer Retention (Revenue Base):

- FFI J/C 80% of sales (Previous Month Sales)
- 20K J/C 65% of sales (Last Year Same Month)
- Job cards to Sales ratio >= 10 times.
    - Sale of last BSC period.
    - Job Cards of current period.
- Number of Schedule maintenance Job cards => 50% of Total Job card target

Body Shop Operation:

- Maintaining Body JCs growth as per defined parameters in BSC Manual w.r.t. last 6 Month actual Body JCs achievement.
- Carryout Body shop awareness campaign for customers

Micromanagement (to be Select by Dealer)

- Active promotions on Digital Activities
- Carry out service marketing through digital media and send the activity report by 6th of each month.

Other Micro Management Activities

- **Carry out other activities (any 02 of the prescribed activity as per advised by assign DSM / Regional Head).**

OR

2S Workshop (Selected Dealers)

- **Establishment of 2S / Branch Outlet in Service Potential Area as per PSMC recommendation for selected dealers**
  - **Bay productivity > 4**
  - **High Sales volume & low Retention Rate**
  - **Service potential Area.**

Staff Availability

Category	Staff Availability
Service Manager	1
Parts Manager	1
Bodyshop Manager	1
Service Advisor	1 for 8-10 JC / Day
CRO	1 for 600-800 JC / Month
Technical Advisor	1 for 12 – 16 JC / Day
Technician	1 for 3 – 4 JC / Day

Evaluation Criteria

A. Infrastructure and Equipment

- **Points will be given considering the overall C.I Image, layout, 5S, Safety, usage and functionality of equipment.**
- **Suzuki Culture and 5S implementation and monitoring report is circulated on Monthly basis for dealer CEO review and improvement.**
- **Management observation and Feedback during their visits.**

Micro-Management

- **Digital Media Promotions**
  - **2-3 posts/ month on FB, Instagram & You Tube**
  - **Quality of Content**
- **Other Activities**
  - **As per defined in BSC Parameter.**
- **2S Workshop (Selected Dealers)**
  - **2S Selected dealers as per defined in BSC Parameter.**

Maximum Points: 145

Total Points: 370

E. Material Management

Points will be evaluated on the basis of following:

Spare Parts Ordering

Daily Ordering

- **Achievement =>70% = 10 points**
- **Achievement =>30% ~ 69.9% = Pro-rata basis**
- **Achievement <30% = 00 points**

Points: 10

- **Physical stock should be taken every 6 months, and it should be matched with system inventory.**

Points: 05

- **Inventory of schedule maintenance Parts (running models) should be maintained as follows:**
  - **Stock month =>0.50 = 10 points**
  - **Stock month =>0.40 ~ 0.49 = 8 points**
  - **Stock month =>0.30 ~ 0.39 = 6 points**
  - **Stock month =>0.10 ~ 0.29 = 4 points**
  - **Stock month <0.09 = 0 points**

Stock month of BSC period last month will be counted i.e. Sep or Mar

Points: 10

Total Points: 25

Warehouse Management

- **All items are stored on racks and shelves with proper tagging and locations.**

Points: 05

- 5S well maintained, safety rules followed, color scheme of floor & racks as per Standard.

Points: 05

Total Points: 10

Parts Manager Performance

- Monitor and ensure that targets of consumption, purchases, AOS, and payments are met every month.

Points: 10

- Parts Manager retention should be over 03 years.

Points: 05

Total Points: 15

Maximum Points: 50

F. Timely Payment / Sales Promotion

Timely Payment

- Payments to be made within allowed credit period (4.2 points allocated to each month).

Total Points: 25

Sales Promotion

- Proper display of stands (Asli / Naqli, accessories, running parts, and ECSTAR Products) and display of promotional movies in the waiting area.

Points: 05

- Exclusive promotion at public places once every six months and digital media, at least two approved posts per month.

Points: 05

Total Points: 10

Maximum Points: 35

G. Usage of Genuine Parts

Workshop Consumption Target

- Achievement =>100% = 40 points
- Achievement =>20% ~ 99.9% = Pro-rata basis
- Achievement <20% = 00 points

Consumption in 2025 ~ 2026	Growth Target in FY 2026 ~ 2027
>8.0 million	No Target (Maintain)
6.0 ~ 7.9 million	2%
4.0 ~ 5.9 million	4%
3.0 ~ 4.9 million	6%
2.0 ~ 2.9 million	8%
0.6 ~ 1.9 million	10%
<0.6 million	20%

Dealer targets are set at a minimum of 1.5% ratio of vehicle sales, if consumption target falls below it.

Total Points: 40

Evaluation Criteria (Spare Parts)

Purchases to Match with Consumption

- **Achievement =>100%** **= 40 points**
